Smart Home

HyPanel Lux

A BEACON OF LUXURY

Rotate into Smart Living of Tomorrow

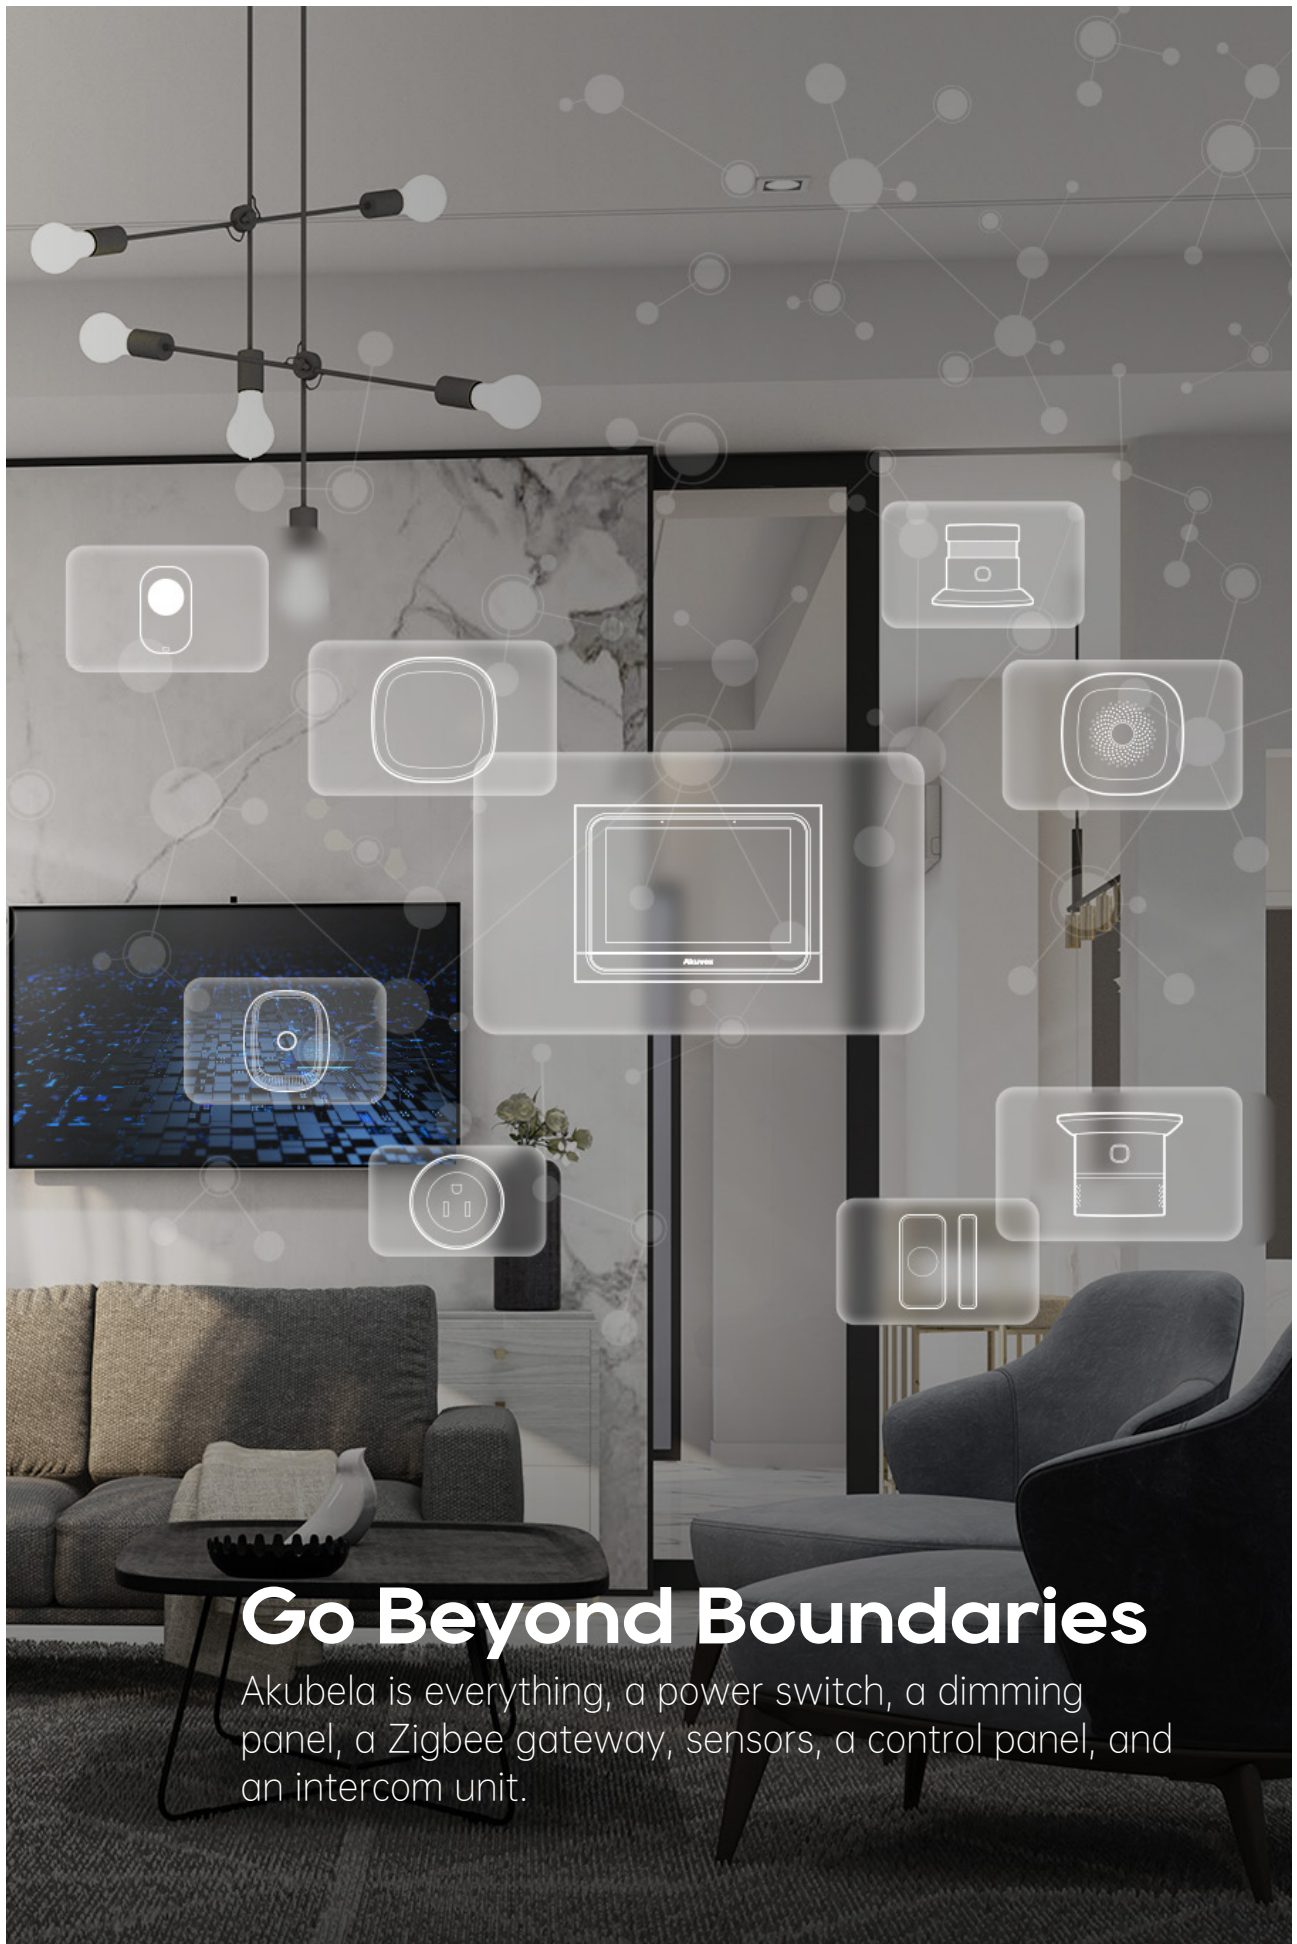

Every family differs, but a family that owns an
Akubela is a happy one.

HyPanel

The Mind and Soul of Your Home

The Simplicity of Design Powered by the
Smartest Technology

Go Beyond Boundaries

Akubela is everything, a power switch, a dimming panel, a Zigbee gateway, sensors, a control panel, and an intercom unit.

HyPanel Lite

The Classic Meets the Modern

Communication & Family Bonds

Akubela helps build stronger family bonds through communication.

SmartPanel Pro

Smarter Security and Control for Your Home

SmartPanel

Zigbee Hub. Intercom. Smart Home Control Panel in One

Future-proof Your Home

Akubela connects you to a growing ecosystem of smart IoT devices.

Smart Sensors

Make Your Home Safer and More Comfortable

Smart Gas Sensor

A must-have home tech for eliminating any health and safety risks.

Specification

| | |
|----------------------|---|
| Working voltage | 220V AC |
| Standby current | ≤200 mA |
| Networking | Zigbee |
| Detected gas | Methane (natural gas) |
| Alarm LEL | 8% LEL methane |
| Concentration error | ±3% LEL |
| Alarm sound pressure | ≥70dB (1m in front of the gas detector) |
| Working environment | -10°C ~ +55°C |
| Working humidity | ≤95%RH |
| Dimension | 85x30mm |

Smart Emergency Button

Call for help in emergencies with just one push of a button.

Specification

| | |
|---------------------|-----------------------|
| Working voltage | DC3V (CR2032 battery) |
| Battery life | 1 year |
| Networking | Zigbee |
| Undervoltage alarm | Supported |
| Working environment | -10°C ~ +55°C |
| Dimension | 50 x 16 mm |

Smart Temperature and Humidity Sensor

Measure the temperature and humidity of your home with one device.

Specification

| | |
|---------------------|---------------------------|
| Working voltage | DC3V (two No.7 batteries) |
| Battery life | 3 years |
| Networking | Zigbee |
| Working environment | -10°C ~ +55°C |
| Working humidity | 0% to 99.9%RH |
| Dimension | 61.2 x 23mm |

Smart Motion Sensor

Bring more convenience to your home.

Specification

| | |
|---------------------|-----------------------|
| Working voltage | DC3V (CR123A battery) |
| Battery life | 3 years |
| Detection radius | 8m |
| Detecting angle | 90° |
| Install height | 2.2m |
| Networking | Zigbee |
| Undervoltage alarm | Supported |
| Working environment | -10°C ~ +55°C |
| Dimension | 48.4x53.4mm |

Smart Smoke Sensor

Take immediate action when a fire just starts.

Specification

| | |
|----------------------|---|
| Working voltage | DC3V (CR123A battery) |
| Battery life | >1 year (20 times per day) |
| Networking | Zigbee |
| Alarm sound pressure | ≥85dB (3m in front of the smoke detector) |
| Working environment | -10°C ~ +55°C |
| Installation | Ceiling |
| Dimension | 90×37mm |

Smart Flood Sensor

Alert you to minor leaks before they become harmful floods.

Specification

| | |
|------------------------|----------------------------|
| Working voltage | DC3V (CR2032 battery) |
| Battery life | >1 year (20 times per day) |
| Networking | Zigbee |
| Low battery indication | Yes |
| Working environment | -10°C ~ +55°C |
| Dimension | 50x18mm |

Go Green, Save the Environment

Akubela is dedicated to reducing your carbon footprint.
